SUMMARY

Graphic Designer & Full-Stack Developer with 1.4+ years at GMS Private Ltd. Experienced in Email HTML, SFMC, CMS, SEO, and branding — alongside self-taught full-stack web and Android/iOS app development through personal projects

EXPERIENCE

Graphic Designer & Technical Contributor GMS Private Ltd

Managed and executed email campaigns using Salesforce Marketing Cloud (SFMC) and Mailchimp, including automation journeys and audience segmentation

Handled CMS management — updating content, pages, and assets across web properties

Implemented on-page SEO strategies including metadata, keyword optimization, and site structure improvements

Designed social media creatives, branding materials, banners, and marketing assets using Photoshop, Illustrator, Figma, and Canva

Collaborated with marketing teams on integrated visual and digital campaigns

Full-Stack & Mobile Development Personal Projects

Built web apps using React JS, Next JS, Node JS, Express JS and REST APIs

Worked with MongoDB, MySQL, and Firebase for backend and real-time features

Built a real-time end-to-end encrypted chat application (Vynq) — supported on iOS and Android

EDUCATION

BCA (Pursuing) World College of Technology & Management

BBA – IT & Technology Management College of Technology & Management
